

# Research Expert Communities in PL/PT Strategic Areas *Milestone 7*

**Funded by  
the European Union**

# PL/PT Strategic Areas

## **Health & Biotech**      Coord. ULisboa

(includes: Medical Sciences, Biomedical Engineering & Biotechnology)

## **Urban & Resources Sustainability**      Coord. WroclawTech

(includes: Sustainable, beautiful, inclusive and climate resilient cities, clean and secure energy, water and environment)

## **Circular Economy & Materials**      Coord. WroclawTech

(includes: Circular economy, environmental engineering, chemistry, advanced materials and nanotechnology)

## **Digital & Autonomous Technologies**      Coord. ULisboa

(includes: Automation, Robotics and Digital)

Area	Description	Coordinator	Co-coordinator
<b>Health &amp; Biotech</b>	Medical Sciences, Biomedical Engineering & Biotechnology	ULisboa Cláudia Lobato <a href="mailto:claudia_lobato@tecnico.ulisboa.pt">claudia_lobato@tecnico.ulisboa.pt</a>	WroclawTech Marek Kulbacki <a href="mailto:marek.kulbacki@pwr.edu.pl">marek.kulbacki@pwr.edu.pl</a>
<b>Urban &amp; Resources Sustainability</b>	Sustainable, beautiful, inclusive and climate resilient cities, clean and secure energy, water and environment	WroclawTech Bárbara Widera <a href="mailto:barbara.widera@pwr.edu.pl">barbara.widera@pwr.edu.pl</a>	ULisboa Nuno Marques Costa <a href="mailto:nunocosta@campus.ul.pt">nunocosta@campus.ul.pt</a>
<b>Circular Economy &amp; Materials</b>	Circular economy, environmental engineering, chemistry , advanced materials and nanotechnology	WroclawTech Piotr Rutkowski <a href="mailto:piotr.rutkowski@pwr.edu.pl">piotr.rutkowski@pwr.edu.pl</a>	ULisboa Marta Alves <a href="mailto:martamalves@tecnico.ulisboa.pt">martamalves@tecnico.ulisboa.pt</a>
<b>Digital &amp; Autonomous Technologies</b>	Automation, Robotics and Digital	ULisboa Luís Correia <a href="mailto:Luis.Correia@ciencias.ulisboa.pt">Luis.Correia@ciencias.ulisboa.pt</a>	WroclawTech Andrzej Rusiecki <a href="mailto:andrzej.rusiecki@pwr.edu.pl">andrzej.rusiecki@pwr.edu.pl</a>

## 1. Governance structure

- Co-coordination: Each research expert community will be co-led by one senior representative from ULisboa and one from WroclawTech
- Advisory group: each research expert community will have at least one external advisor from each of the other seven Unite! partners, ensuring balanced input, transfer of best practices, and multilateral engagement

## 2. Purpose and objectives

- Promote knowledge exchange and collective capacity building
- Identify shared challenges and co-develop solutions
- Contribute to institutional reform and policy shaping across R&I ecosystems
- Stimulate collaborative outputs (e.g., joint publications, proposals, tools)

## 3. Community formation and selection criteria

- Communities will be organized around the strategic areas
- Experts will be nominated based on thematic relevance, availability, and diversity considerations

## 4. Activities and Tools

- Kick-off meetings per community to establish terms of reference and shared goals
- Regular virtual meetings (bi-monthly or quarterly)
- Expert Researchers Seminars, Round Table Events
- Short mobilities of researchers
- Shared online workspace

## 5. Monitoring

- Engagement metrics (e.g., number of meetings, participants)
- Qualitative feedback from coordinators and advisors
- Contribution to WP3 and WP4 activities

## 6. Expected Scientific Outputs

- Publications (Journals, Conferences)
- Project Proposals

## Get involved!
